Property Description

The Old Post Office is a traditional, extended two-bedroom detached property occupying an elevated position with beautiful loch views towards the Isle of Scalpay. The property is set within a mature, garden which slopes at the front and is terraced at the back and features an impressive variety of established shrubs, bushes and trees, including a striking monkey puzzle tree. This well-established garden provides excellent privacy and screens the house from the road.

Approximately two acres of additional land lie to the rear of the property, offering further potential. Situated just five miles from Broadford, The Old Post Office enjoys a peaceful and private setting while remaining conveniently close to the village's excellent range of shops, services and amenities.

The accommodation within comprises of entrance hall, hallway, lounge, sitting room, kitchen, dining room, w.c and sun room on the ground floor. On the first floor you will find two bedrooms (one with en-suite shower) and family bathroom. The property further benefits from electric heating, double glazing and two open fires.

This is an ideal opportunity to acquire a charming, traditional home retaining a wealth of original features, set in a peaceful semi-rural location with beautiful loch views towards the Isle of Scalpay.

Energy Efficiency Rating			Environmental Impact (CO ₂) Rating		
	Current	Potential		Current	Potential
Very energy efficient - lower running costs			Very environmentally friendly - lower CO ₂ emissions		
(92+) A			(92+) A		
(81-91) B			(81-91) B		83
(69-80) C		76	(69-80) C		
(55-68) D			(55-68) D	65	
(39-54) E			(39-54) E		
(21-38) F	32		(21-38) F		
(1-20) G			(1-20) G		
Not energy efficient - higher running costs			Not environmentally friendly - higher CO ₂ emissions		
England, Scotland & Wales EU Directive 2002/91/EC			England, Scotland & Wales EU Directive 2002/91/EC		
The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills will be.			The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO ₂) emissions. The higher the rating the less impact it has on the environment.
